## Consumer Fireworks Discharge Permit

### Applicant Information:

Applicant's Name:		<input type="checkbox"/> Over 18 Years of Age
Street Address:		City:
Postal Code:	Email:	
Phone Numbers:	Day:	Evening:
Date of Consumer Fireworks Display:		
Alternate Date of Consumer Fireworks Display:		
Description of the Site:		
List type and kind of Consumer fireworks being discharged:		

Every person who discharges Consumer fireworks shall be mindful of their duty of care to individuals and property, and shall provide the following for set up:

#### Check appropriate boxes to complete application:

- Proof of the written authorization of the lawful owner or occupier of the property that Consumer fireworks may be discharged on his or her property attached, if applicable.
- an open area away from buildings, vehicles, overhead obstructions, and dry brush/grass
- a minimum clear area of 30m by 30m for aerial family fireworks and a minimum clear area of 20m by 20m ground based family fire works (sketch of area attached)
- means of extinguishment ready and accessible at all times when family fireworks are being discharged and for a reasonable period thereafter,
- a hard, flat, level surface for ground based Consumer fireworks to ensure stability of the item
- a means to bury aerial Consumer fireworks to half their length in the ground or other means
- before discharge, the responsible person will read the instructions, cautions and warnings on each Consumer fireworks item; light only one firework at a time; wear proper eye protection and clothing; keep children away from fireworks; use care when handling and firing fireworks and clean up after display.

#### As the person applying for and signing this permit, I acknowledge the following:

- 1 - I will not discharge these fireworks from, on or over public lands or forests without written permission.
- 2 - I will not discharge these fireworks within 10 meters of any building, or 20 meters of any flammable or combustible liquids storage, or 250 meters of any nursing home, or health facility.
- 3 - I will not discharge these fireworks if the wind exceeds 30 km/h or if Fire Danger Level is 3 or greater.
- 4 - Should a Fire Dept. Officer order a halt to the display for safety reasons, I will immediately comply.
- 5 - All requirements in the Manitoba Fire Code will be adhered to.

The applicant acknowledges having read the City of Winkler's Fire Prevention Bylaw # 2138-15 and has completed the application accurately and truthfully. By signing this application they agree to be bound by the commitments made in the application and to have them form conditions on the permit issued.
